PUBLIC ADVISORY

The Philippine Statistics Authority (PSA) reminds the public that **double registration** to the National ID is **strictly prohibited**.

Registering to the National ID more than once may delay the standard verification processes necessary before the issuance of an ID.

Further, there is no need to re-register should the registered person encounter clerical errors in their National ID. Please wait for further announcements on the full rollout of the updating or correction of demographic information.

For more information, visit the official channels of the National ID: (1) Website via <https://philsys.gov.ph/>; (2) Facebook at [facebook.com/PSAPhilSysOfficial](https://www.facebook.com/PSAPhilSysOfficial); and (3) Viber at PSA: Philippine Identification System.
